Discover St. Mary School information session and campus tour takes place on Thursday, November 30 for prospective families. Current school families please consider sharing the flyer on page 2 of Happenings with prospective school families and perhaps joining them for the evening. Thank you for helping to spread the good news!

The school directory is going paperless! Thank you for your patience and stay tune for instructions on how to access the digital directory through the FACTS Family portal. It is an amazing tool with the option to view by family or your child's individual grade. Currently grades 6-12 have access to look at their child's grades through the family portal. Please keep in mind that only grades 6-12 will continue to have access to view student grades. When we update the portal to include the family directory and school calendar ALL school families will have access to this info via your browser or the FACTS Family app. Instructions on how to establish a log-in & password will be shared in the next few weeks. In the meantime, call the school office and we will be happy to provide you with your child's class list and/or a phone number. Thank you!
